

## Announcement Of Business Name Change

TORONTO: Aug 28, 2017— As the letterhead indicates, we have recently changed the name of our business from “**OscarService**” to “**Trinity Healthcare Technologies (THT)**”.

There has been no change in management or staff and we will be providing the OSCAR EMR and many new products and services on which we have built our reputation in the industry. THT look forward to continue to grow and serve you in the global market under the new name.

We anticipate the new name change underlines our strong global market and the access to many more services with a growing range of Healthcare Industry, under the well-known EMR provider company will strengthen our joint business relationship even further.

“Trinity” expresses what we have become as an organization as well as what we hope to be — a business of intelligent that integrate the most powerful technologies and brings new innovations that dramatically resolve the complexity of the healthcare world.

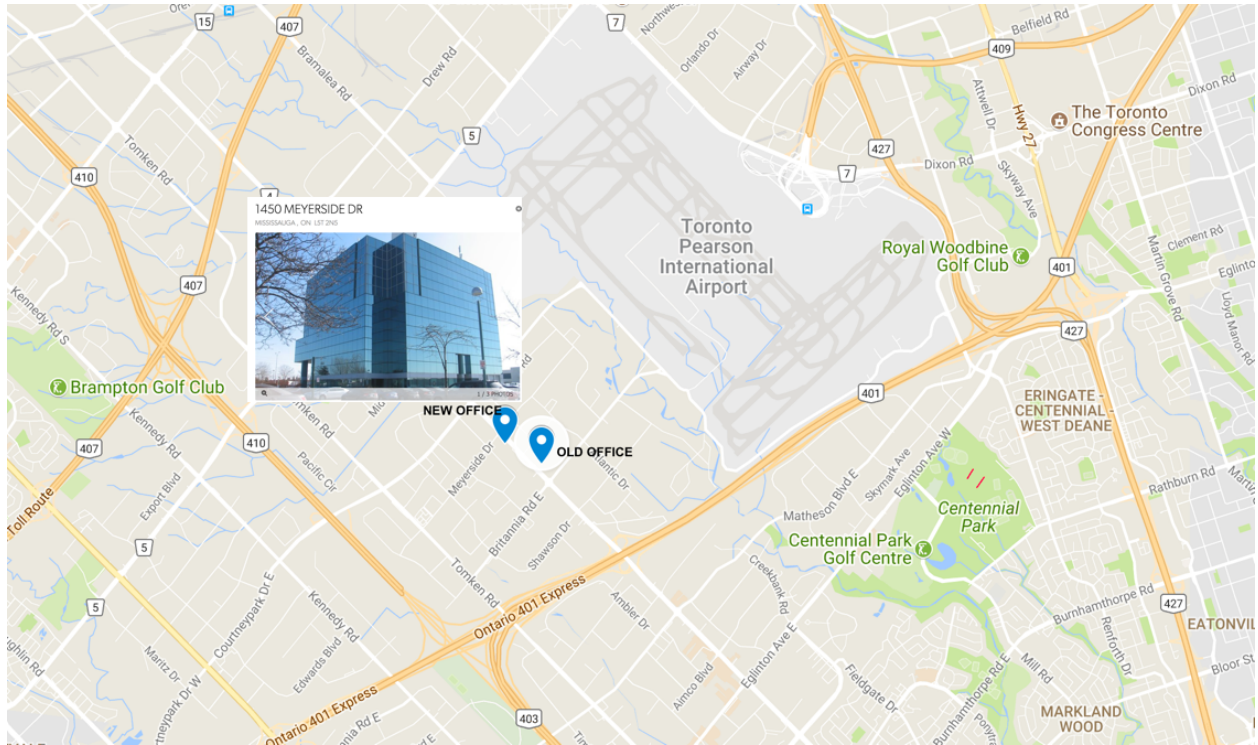

From Aug 29, we will be launching an aggressive rebranding campaign that will reinforce our new marketplace positioning and introduce the new brand to our clients, recruits and the public at large.

A new website ([www.thehealthtech.com](http://www.thehealthtech.com)) has been launched introducing our new products and services, the old website ([www.oscarservice.com](http://www.oscarservice.com)) will be maintained until the new brand well recognized.

A transition logo (below on the left) will be used on all materials until Dec 31, 2017 and will be replaced by the new logo (below on the right) starting from Jan 1<sup>st</sup>, 2018.

We will also relocate to a bigger office (Unit 501, 1450 Meyerside Dr, Mississauga, ON) from Oct 2017, as the current office is too small to hold more staff. The new office will also provide better environment for people who come in attending the workshop.
